

## 24. The Holy Spirit is My Super Power

**-by Kevin B. Leigh**

Holy Spirit help me awake refreshed and ready to become a better person and encourage me to be kind and considerate of my friends and family.

Holy Spirit reveal to me the path to success in all that I try to accomplish today and guide my family and friends in all that they attempt to do.

Holy Spirit bring me joy, peace, and love in what I say and bring me the patience to handle the words that I hear.

Holy Spirit help me appreciate all the gifts that you have given me so that I might go forth and use them for good.

Amen.
